

Welcome to your new BehaviourWatch user highlights!

Here at BehaviourWatch we want to make sure you have the best experience with our solution. We thought we would share some of our latest updates and some amazing resources to use BehaviourWatch to its maximum potential.

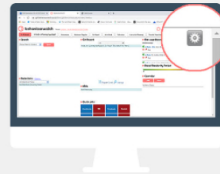

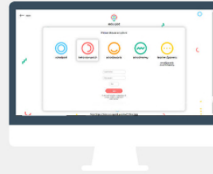

What's New?

SchoolAwards is a rewards-based behaviour system specifically designed for primary schools. Make pupils feel motivated, recognised and accomplished for their achievements.

Did You Know?

To get the most from BehaviourWatch, staff details should be kept up to date within the system to help accurately log where and when incidents take place and who has logged them. If you have any issues with your username or password, please contact your product administrator.

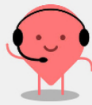

Did you know that the Dashboard can be customised to suit your needs and preferences? Just go to the top right-hand corner of the Dashboard to switch and rearrange what you see to best suit how you work and what you want to prioritise, from the mood monitor to the message board.
